

Format for Bio-data

Name: SYED IMAM RABBANI

Designation: Lecturer

Qualification: M.Pharm

Professional interest: Teaching

Research interest: Diabetes and drug induced mutagenicity

Current professional activities:

- Academics: Teaching pharmacology, Human anatomy and physiology and molecular biology.
- Research: Guiding post graduate students in their research.
- Others: Examiner for pharmacology and Human anatomy and physiology in the RGUHS, Karnataka.

Current research activities: (M.Pharm projects)

A. Completed;

1. Comparative study of few marketed herbal antidiabetic formulations for hypoglycemic activity in STZ-induced type-2 diabetes.
2. Anti-mutagenic evaluation of hydroalcoholic extract of *Salacia oblonga* root bark using micronucleus test system in rat.

B. Ongoing;

1. Study of Cardiovascular Effects of Thiazolidinedione Anti-Diabetic Agents in Experimentally Induced Heart Failure and Hypertensive Rats.
2. Evaluation of anti-mutagenic activity of ethanolic extract of *Morus alba* root bark using micronucleus test system in rat.

Experience and work responsibilities

a. Academics

1. UG level: 09 Years
2. PG level: 04 Years

b. Research: 02 projects completed as guide and 01 project completed as co-guide.

Publications

a. Paper published

1. International: 04
2. National: 05

Paper presented

2. National: 04

Conferences attended

2. National: 05

Professional memberships

Life member of APTI

Personal information

1. Address: No. 36/3, Opp. VSSN Co-op Society, Near BDCC Bank, Varthur, Bangalore 560 087.
2. Phone No: 080-22234619 (O), 9945601937 (M)
3. Fax: 080-22225834.
